Mr. A. P. Coleman
Upper Coastal Plain Rural Planning Rganization
120 West Washington Street, Suite 2110
Nashville, North Carolina 27856

Dear Mr. Coleman:

Thank you for contacting me regarding transportation issues and Rural Planning Organizations (RPOs). It was good to hear from you, and I appreciate your taking the time to share your views with me.

I share your support for Rural Planning Organizations. As you know, these organizations are designed to help target federal highway, transit, and safety funds to rural areas. In response to your request, I have cosponsored Congressman Walz's bill, H.R. 2782. This bill would incorporate regional transportation planning organizations into statewide transportation planning. You can be sure that I will bear in mind your support for this provision while Congress to considers surface transportation reauthorization legislation in the 111th Congress. Congress must take action soon, as the current authorization, known as SAFETEA-LU, expires on September 30, 2009.

I am working with my colleagues in Congress and the Administration to respond to the challenges that face our nation. Together, we will build a stronger economy, find common sense solutions to our energy needs, make sure every child gets a quality education, and expand access to health care for all Americans. It is an honor to represent you in Congress, and I welcome your continued input.

Sincerely,

A handwritten signature in black ink that reads "Bob Etheridge".
